'Day for Life': a dedicated day celebrating the beauty and dignity of all human life.

Day for Life Sunday is celebrated annually with a special message by the Catholic Church across Ireland, Scotland, England, and Wales. It is a day specifically dedicated to raising awareness and reflecting on the deep value and meaning of human life at every stage, and in every condition. **On Sunday 16 June**, the Church will mark Day for Life 2024 with a message on the theme: *The Lord is my shepherd - Compassion and Hope at the End of Life*.

This year's message reminds us that Jesus did not send the sick away, rather He showed that life always has dignity and that there is no such a thing as a useless life. Catholics are called to defend this gift of life to its natural end and to protect vulnerable citizens from a culture that could pressure them into assisted suicide. In this way, we are encouraged to support people with the companionship of a listening ear, appropriate treatment, and the best of care, so that their last days can be times of grace, intimacy, and love.

This message also includes a brief human-interest story about a young man named Matt, and the experience of a priest who ministered to Matt and his loved ones in his final months and days. This grace-filled time proved to be a period of intense compassion and profound dignity, as well as faith enriching experience of love and generosity for all concerned.

The Day for Life message is available on <https://councilforlife.ie/day-for-life-2024/>

Kilmore Drumsnat community Alert have left leaflets to Register for Garda Alerts at the back of the Church, local shops and GAA club. We have left a sealed container there also, so that you can return the complete registration form, the sealed container will be given to Monaghan County in lines with data protection. You can download the THE APP on your smart phone instead of completing the registration form.

The **Senior Alert Scheme** is available to people 65 and over, they get a free personal alarm or pendant. The alarm can be worn as a pendant or around the wrist like a watch. When pressed it connects wirelessly to a base unit, usually attached to a landline phone. The base unit sends a call to the monitoring centre. The equipment is free and the 1st year of monitoring is free. The only exception is where there is no suitable landline a mobile signal is used to connect to the equipment. In this case a small fee may be required to cover the mobile SIM rental cost. Its purpose is to enable older people to continue to live securely in their homes with confidence, independence and peace of mind with a personal monitored alarm. **Kilmore Drumsnat Community Alert can apply on your behalf, contact Tom 0877503967 or Celine 0879008426**
